Volunteers of All Ages and Abilities

The North Peace Fall Fair is an event enjoyed by many throughout the Peace Region and is made possible by its number of hard working and dedicated volunteers. As our Fair grows we need an increasing amount of volunteers to continue hosting a successful event.

The North Peace Fall Fair Society is looking for anyone with time and willingness to become involved, whether it is helping to prepare the grounds at weekly work bees, taking charge of a booth or event, working in the office, assisting a chairperson for a couple hours, or taking care of the garbage on Fair day. Any and all help is welcome!

For information on how you and/or your family can get involved or attend a monthly meeting please contact any of the listed chairpersons or visit www.northpeacefallfair.com

North Peace Fall Fair History

The first agricultural fair in the North Peace was held where the Robert Ogilvie School now stands in 1929. The next year the fair was held at the Carmichael place 1 ½ miles west of North Pine. The "Peacemakers" of the group met in 1930 at Rose Prairie to form the basis of the present fair. The following year the North Pine Farmers Institute Agricultural Fair was started. The next few fairs were held at North Pine. During the war years the fair was discontinued to be resumed later. In early spring of 1947, the communities north of Fort St. John decided to form the North Peace Fall Fair Association. As there was no money in this new organization each of the members donated \$1.00 to help buy stamps, envelopes, etc. It was decided to ask businesses in the area to contribute to the fair to help defray the costs. For many years this was the main source of income.

JACK & HARVEY PARKER CUTTING LOGS FOR THE HOUSE

At this fair a light aircraft carried young and old on 15 minute flights using the Jim Young hay field as the air strip. This fair also had three girls as Harvest Queens sponsored by the Women's Institute. This first prize list was in leaflet form printed free of charge by Ma and George Murray. Judges for this fair were Dr. J. Giles, Dawson Creek, E.A. Tucker, Pouce Coupe and Russell Brown, District Agriculturist.

North Pine, Pineview, Montney and Rose Prairie shared the fair on a rotation basis holding it in a different community each year.

1948	North Pine School	1952	North Pine School
1949	Pineview Hall	1953	Pineview Hall
1950	Montney School	1954	Montney School

In 1954, Albert Germaine leased 10 acres of land at the recent site for use as fair grounds. This land was purchased in 1978 and in 1981 an additional 33 acres of land had been added to make up the present Fair Grounds and Regional Park. This was made possible with the help of the Regional District.

The old log house on the grounds was built by Jack and Harvey Parker in 1928. To the best of our knowledge it is the oldest standing building on any fairgrounds in BC. At the time of the land purchase there was also a log barn on the property built in 1935 – 36 by Frank Cogan. The fair board purchased this barn at a cost of \$400.00 but in 1986 it had to be torn down for safety reasons.

Various buildings on the grounds have been donated by different communities to add to the fair. The most significant being the Pineview Hall donated when the Pineview Community Club disbanded in 1978. Some of the small concession stands came from the other local communities. The large Handicraft building was moved by Dan Pomeroy to the grounds in 1960. He had problems crossing the Montney Bridge with it and it had to be split in two. The building was bought for a cost of \$2000.00 and cost \$750.00 to move.

The permanent buildings that have been built since the land was purchased have been a 280 foot cattle barn, a small animal barn and the office. A display booth and the entertainment stage have helped to expand the general public's involvement. Other major improvements were the rings for the cattle and horses and wash facilities for the animals, as well as a display booth, the 4-H building, a heavy horse ring and a light horse and heavy horse barn. Some other things done were a tractor pull track in 1999. Some of the labour and part of the funds for the materials were provided by the North Peace Senior 4-H Council and were greatly appreciated by the Fair Board. The cooperation between 4-H and the Fair Board over the years has helped to produce a successful fair. Some of the great improvements that have been made over the years are a washroom facility with running water and flush toilets for the public. They now have hot water to both the bathrooms and to the kitchen.

Aims & Objectives of the North Peace Fall Fair

1. To stage an annual Fair which will be a showcase of quality livestock, produce of the soil, home crafts and the work of young people.
2. To promote and educate the public in all aspects of the agricultural industry.
3. To support and encourage 4-H in the community.
4. To bring together rural and urban people for wholesome entertainment and good sportsmanship.

- Whipping, slapping of lines at any time will result in disqualification and will revert to previous weight pulled.
- There must be two linesmen and a pin-man to assist the Judge. The linesmen have the authority to tell the Judge of any infractions and the Judge must act upon their information.
- A teamster may ask the Judge to centre the boat before hooking. If there are no means available to centre the boat, the Judge may wave off the sideline rule and ask the teamster to centre the boat during the pull.
- If a break in harness or equipment occurs, there will be a time limit of five minutes to fix break and complete the pull. If a teamster forfeits the pull or a five minute time limit expires on the pull at which the breakage occurred, he must pull the next weight the full distance or the weight goes back to the previous completed pull.
- Teamsters are not to argue with or harass the Judge. To do so will result in disqualification and all prizes will be forfeit. Any complaint should be made to the Pull Committee.
- After a meeting of Pull Officials, an unmanageable team may be disqualified.
- Weight for each lift will be decided by Pull Committee.
- Each team must pull each additional weight. No double lifting at any time.
- The committee reserves the right to conduct a spot check by a vet for contesting teams.
- Talking or shouting is permitted, but no use of profanity.
- Judge's decision is final.

Event Days & Times:

Saturday 10:00 am to 11:00 am & 2:00 pm to 3:00 pm

Location: Heavy Horse Ring

Join us to watch skilled handlers use their talented, well-trained stock dogs to guide a group of sheep through an obstacle course. Most points in the fastest time wins!

Money will be awarded for 1st - \$20, 2nd - \$15, 3rd - \$10
Ribbons and prizes will be given out 1st - 3rd for Open, Novice (handler or dog) and Junior classes.

Entry fees waived in 2025

Offering :

Open – Dog and handler have competed in Open classes in previous trials and are seasoned competitors.

Novice – Either dog and/or handler are new to competing and have never previously competed in any Open classes.

Junior – Handler is under 16 years of age.

2 runs (morning and afternoon) for each team on Saturday, August 16, 2025. Points and time will be cumulative on both runs to determine overall placings. Ribbons and prize money awarded for each run and overall.

Entry forms can be found online at northpeacefallfair.com and can be submitted by email to stockdogs@northpeacefallfair.com. Please be sure to complete the biography section so our announcers can introduce you and your dog on Fair day. Signed waivers are required with entry forms.

Entries are awarded on a first come, first serve basis. Number of total entries is limited due to stock and time restrictions so handlers may only enter 2 dogs.

Rules & Regulations

1. Competitors are required to attend the handler's meeting held prior to classes beginning.
2. Courses and order of go will be posted 1 hr. prior to class start.
3. Standard stock dog arena trial rules apply:
 - a) The dog must be at the handler's side at the handler's post prior to being sent.
 - b) This is a timed arena trial. Timing will start when the dog is sent.
 - c) Dogs may be directed by voice or whistle (handlers may carry a stockman's cane or shepherd's crook).
 - d) At least one sheep must complete each obstacle before proceeding on to the next obstacle. Retries are the handler's choice. If the handler decides to retry the obstacle, all of the sheep must be taken back to a point prior to the obstacle with the stopwatch running. Any previous points for that obstacle are forfeited.
 - e) Knocking over an obstacle will result in all points lost for that obstacle.
 - f) Before penning, the handler must remain at the handler's post until the last sheep crosses the plane determined by the judge and explained in the handler's meeting. Failure to do so will result in a 20 second penalty per occurrence.
 - Novice and Junior handlers may leave the post to assist their dogs after they have completed their fetch.
 - g) Once the rope on the gate has been taken up by the handler it cannot be intentionally released until the sheep are penned. Releasing the rope to gain an advantage will result in a disqualification.
 - h) At no time will a handler come in contact with the sheep except in the case where the sheep runs into the handler while blocking them. This includes contact with any part of the handler's body or any inanimate object. Contact with the sheep will result in a disqualification.
 - i) Gripping and/or biting will result in disqualification.
 - j) If two or more handlers are equal in time and points at pen time, the tie will be broken by chute times and points. In case of incomplete runs by all competitors, positions will be determined by chute times and points.
 - k) The judge can award a rerun at any time during the trial, if circumstances warrant such action. In the case of a rerun, the judge will decide if the dog is to start from the beginning or a certain point of the run. If decided that the rerun shall start from another point other than the beginning, points up until the restart position will stand.
 - l) No dogs will be allowed on the trial course prior to their run.
 - m) Dogs presenting any lameness, illness, or unfitness for competition will be removed from the trial.
 - n) Competitors are expected to be ready for their run when called. Handlers who fail to answer the call will be disqualified.
 - o) Any abuse of dogs or livestock seen by the committee or judge will result in the handler and all dogs entered under the handler's name being disqualified and all prizes forfeited.
 - p) The trial Judge reserves the right to call off a dog at any time. Dog and handler will be excused if in the opinion of the judge there is excessive running, harassment or over working of the sheep.
 - q) The Committee have the right at any time to add, delete, modify, waive or interpret a Rule or Rules in order to clarify or address a circumstance or action not previously outlined or contemplated in the existing Rules or as they may deem appropriate for the betterment of the competition.

Zucchini Races

Chairperson: Norah Vogan • 780-904-5996
juniorentertainment@northpeacefallfair.com

Entry Fee: \$2 per entry

Registration: Sunday 12:00 pm to 1:00 pm at the Sheep Ring

Races: Sunday 1:00 pm to 3:00 pm at the Sheep Ring

What on earth is a zucchini race?

RULES

In order to be eligible for participation, all Zucchini Racers must meet the following requirements:

- Limit of 1 vehicle per person
- Vehicle must be made of a single zucchini/yellow squash
- Vehicle must be less than 25 cm in width including wheels/decorations
- At least ONE vehicle axle must pass through the zucchini (e.g. dowel with spinning wheels is acceptable, a zucchini strapped to a skateboard or toy is not)
- Decorations and a fun name are encouraged (really...essential). Please keep the racers' names PG and inclusive. Decorations must not extend more than 5 cm past the front of the racer.
- Vehicle must be gravity-powered only.

- Step 1: Grab a zucchini (home grown or bought)
 Step 2: Decorate it (think big!)
 Step 3: Fix some wheels to it (don't forget to check out the axle regulations, this is serious business)
 Step 4: Register your zucchini at the Fair
 Step 5: Send your masterpiece zooming down our ramp and celebrate victory or epic defeat with your neighbours

Classes:

Pickle-weight - small but perfectly formed, the pickle-weights are the smallest (and cutest!) racers. These racers weigh under 200 g.

Goldilocks-weight - Not too big, not too small, just right for decorating and launching down a ramp. These racers weigh between 200-400 g.

Monster-weight - Did you grow a monster Zuc? Lucky you! These guys race fast and crash hard. These racers weigh-in over 400g.

Outlaws - Didn't read the rules? Don't care about rules? We love you anyway!
 If your car doesn't meet one or more of the regulations, or if you used a vegetable or fruit other than a zucchini, you will race in this category against the other outlaws.

Glenn's client base is diverse, from competitive riders to ranch hands, game outfitters to carriage operators and pleasure riders, all with the same desire, to become better horsepeople. Glenn uses his Stages Program to train 1000's of horses and people during his Horsemanship Camps at his ranch every summer locally in Baldonnel BC, at Horsemanship Clinics around Canada and the United States, on his Learning Holiday Adventures in Costa Rica, Brazil and Austria, and one of his favourites, The High & Wild Adventure in the Rocky Mountains. Glenn also has been asked to be a keynote speaker and teach

team building and leadership programs for Private and Corporate companies, Oil and Gas Industry Leaders, Civic Leaders and City Managers to name a few.

"I believe people get into horses because they love the thrill and connection that is possible. I also believe the connection and thrill of a good partnership with your horse is much deeper than most realize and is worth the effort"
